Subject: RE: Chromium information from Uroboros

Thank you for the updates Paul. David Monro asked me to contact you and let you know that all glass plant operating information and chromium related data should coordinated through me.

Thanks!

Greg Grunow

Yes. Pretty nasty stuff and it looks like TSCA has some interest in them as well.

Subject: Chromium information from Uroboros

Katie asked me to pass along this information about compounds used at Uroboros. I added an EPA link to the information about the substances.

The company reported they use potassium dichromate -

http://iaspub.epa.gov/sor_internet/registry/substreg/searchandretrieve/advancedsearch/externalSearch.do?p_type=CASNO&p_value=7778-50-9

and sodium dichromate –

http://iaspub.epa.gov/sor_internet/registry/substreg/searchandretrieve/substancesearch/search.do?details=displayDetails&selectedSubstanceId=96962
